WHAT'S NEW FOR THE GARDEN

While we in this country are inclined to plant the same varieties in our gardens year after year, we should realize that much effort is being put forth to produce better varieties all the time. We listed most of these improved vegetables last year and they proved their worth. Try them this year.

GREEN BEAN—TENDERLONG 15—An Asgrow introduction of superior quality. Highly resistant to disease. Pods are long and straight, heavy bearers of dark green, meaty, stringless beans of excellent quality. Use them fresh, frozen or canned. Price: Postpaid, $\frac{1}{2}$ lb. 38c; 1 lb. 65c. Not postpaid, $\frac{1}{2}$ lb. 33c; 1 lb. 60c; 5 lbs. or more @ 57c per lb.

GOLDEN ROCKET HYBRID SWEET CORN—This is the corn you have been looking for! A 10 to 12 row ear of very good size and excellent quality. And it is ready to eat before any of the rest! Just about 67 days after planting, and you can have roasting ears. Man, oh, man, will this be a popular corn. Postpaid prices: $\frac{1}{4}$ lb. 25c; $\frac{1}{2}$ lb. 40c; 1 lb. 65c. Not postpaid: $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 60c; 5 lbs. or more @ 55c per lb.

NIAGARA CUCUMBER—A vigorous growing variety that produces an abundance of dark green fruit, with firm white flesh that is crisp and tender. Long and straight, with a small seed cavity. Stands adverse growing conditions extra well, and is disease resistant. A winner for home use or as a market cucumber. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c; $\frac{1}{4}$ lb. \$1.20.

SALAD BOWL LETTUCE—A top All-America award winner. A loose-leaf variety, producing rich green and very decorative wavy leaves. Stands sun well, and is a fast, vigorous grower that does not go to seed easily. This variety is well named, and is sure to prove popular. Postpaid prices: Pkt. 10c; $\frac{1}{4}$ oz. 30c; $\frac{1}{2}$ oz. 50c; 1 oz. 85c.

AMERICA SPINACH—This variety is a cross between previous All-America winners Viking and Bloomsdale, and it stands longer without bolting than any other variety of spinach. Leaves are glossy dark green, savoyed and thick textured. Spinach is good, and folks who have become disgusted with growing the old varieties because it went to seed so quickly should try this variety. Grows only 6 to 8 inches tall, but makes a spread of 10 to 12 inches, stands sun and heat well, and produces heavy cuttings. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.00.

GET THE NEW FLOWER INTRODUCTIONS

Sorry we can't have these in color to show you just how gorgeous they really are. But we do have the seeds listed on Page 12. We are sure you will be more than pleased with them.

All flower seeds are packaged in lithographed packets, with cultural directions printed on the back of packet.

Howdy, Friends:

Yes, Adolph and I greet you once more at the beginning of the spring season. We've been busy as could be getting ready for "things to happen" when you are ready for your baby chicks and flower seeds and nursery stock, your garden seeds, and your field seeds too. And so we invite you to come in and see us, whether you want one packet of seed, a sack of Starter Crunchies, or seeds for planting the whole farm. Our entire organization is at your service, and our many years of experience in the seed business here may help you with your particular planting problems.

NORTHERN SEED COMPANY

ABOUT GUARANTEE

We have used every possible care to secure seeds that are true to name, carefully selected, and all lots are tested thoroughly for both purity and germination. Even with the highest quality seeds, success depends largely upon cultivation, soil and weather conditions beyond the control of either seller or buyer. Therefore, Northern Seed Co. warrants, to the extent of the purchase price, that seeds or bulbs are as described on the container, within recognized tolerances. We give no further guarantee, express or implied.

NORTHERN SEED COMPANY.

WYOMING SALES TAX

The Wyoming Selective Sales Tax Law exempts feeds only "for use in feeding livestock or poultry for marketing purposes." It also exempts "all sales of seeds, roots, bulbs, small plants and fertilizer planted or applied to land, the products from which are to be sold."

Feed, seed, etc., other than for the above purposes is therefore taxable, as are all supplies, garden tools and miscellaneous articles which we handle. Wyoming customers will please add 2% to the amount of their orders for such items to cover this tax. Mail orders to be shipped outside of the state are not subject to Wyoming Sales Tax.

HINTS FOR SUCCESSFUL FLOWER GROWING

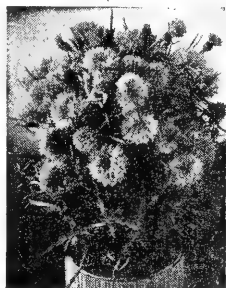

First: Prepare your seed bed well. The soil does not want to be worked when it is too wet or too dry, otherwise it will be too cloddy for fine flower seeds. Have the fertilizer thoroughly mixed into the top soil.

Second: Do not plant tender flowers too early. They will not thrive until the soil is quite warm anyway, and if planted early may germinate and then kill out if a cold spell sets in. Do not plant fine flower seeds too deep. It is advisable to mulch with Michigan Peat, to keep the top of the ground from caking.

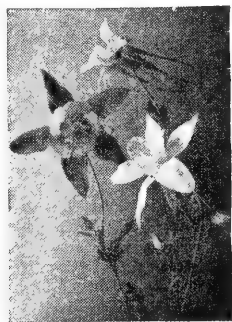

Third: Water carefully, so as not to wash the soil when seeds are planted, or after they are sprouted.

Nursery Stock

MAKE YOUR HOME GROUNDS ATTRACTIVE

Nothing you can do will add more to the appearance of any place, large or small, than attractively planted yard. Trees and shrubs help increase the value of your home, both in money and in the enjoyment you will receive.

We will gladly assist you in making your selections if you desire.

GUARANTEE

We guarantee all items of nursery stock to be alive and in first class condition, capable of growing if properly cared for when they leave our hands. Because we cannot be responsible for weather and other conditions beyond our control, we cannot guarantee nursery stock after it is planted.

DELIVERY

All nursery stock is sold F.O.B. Sheridan. Shrubs and trees under six feet tall can be sent by parcel post. For postage and packing charges for such orders add the following to your nursery orders to points within 300 miles of Sheridan:

Orders under \$2.50—25 cents.

Orders \$2.50 to \$5.00—45 cents.

Orders \$5.00 to \$10.00—75 cents.

Orders over \$10.00—7% of amount of order.

Trees over 6 feet in height cannot be sent by mail, and will be forwarded by truck or railway express, charges collect.

BE SURE TO ADD SALES TAX TO YOUR NURSERY ORDER

TAMARIX—Hispida—Feathery, silver foliage, bright pink flowers. Stays in bloom a long time. Price: 2-3 ft. size, each 90c.

SHADE TREES

Due to so many new homes being built in Sheridan, and so many wishing to replace cottonwoods, we are carrying a much larger stock of shade trees than we ever have in previous years. You will note that we are carrying mostly the 5-6 ft. size. Our experience has taught us that this size transplants easier than the larger trees, and take root and grow faster. (These trees are too long to send by mail.)

Other trees and larger sizes will be secured on special order if available.

Norway Poplar—A fast growing, fine shade tree. Leaves similar to cottonwood, but has no cotton. 5-6 ft. size, each \$1.00.

Moline Elm—A very graceful growing type of American elm. 5-6 ft. size, each \$2.00.

European Mountain Ash—A splendid ornamental tree, especially beautiful in fall with its clusters of bright berries. 4-5 ft. size, each \$2.75.

Green Ash—A very hardy, clean, well-shaped tree. 5-6 ft. size, each \$1.75.

Chinese Elm—A fast growing tree, widely used for shade, wind-break and hedge. If desired for shade, branches must be kept pruned from the time they are small. They withstand drought well, and do not want to be watered late in fall. These trees grow so fast, we have found it the most economical to plant good seedlings and keep them pruned. You will get a shade tree practically as soon as if you plant a larger tree, and at much less expense. Selected 3-4 ft. seedlings, each 25c; 10 for \$2.00. Selected 5-6 ft. seedlings, each 40c; 10 for \$3.50. (Also see "hedging".)

Cut Leaf Weeping Birch—An attractive ornamental tree. Silvery white bark, graceful drooping branches with deeply cut foliage. 5-6 ft. size, each \$3.25.

American Linden—A fine pyramidal shaped tree. While not a fast grower, it attains good size and makes an ideal tree for yard or curb. 5-6 ft. size, each \$2.75.

Norway Maple—A compact growing tree with broad dark green foliage. Very attractive. 5-6 ft. size, each \$3.00.

Silver or Soft Maple—A fairly fast growing tree, making a good appearance and excellent shade. 5-6 ft. size, each \$1.60.

Schwedler Maple—Its distinctive red foliage makes this tree most attractive where something "different" is wanted for yard or curb planting. 5-6 ft. size, each \$3.50.

Niobe Weeping Willow—Fast growing, hardy tree. 5-6 ft. size, each \$1.40.

An apple tree makes an excellent tree for back yard ornament and shade. We especially recommend the Yellow Transparent, the Whitney Crab, or the Dolga Crab for this purpose.

See Page 24 for prices on Apple Trees.

For Mail Orders, See Page 18 for Delivery Charges.

LILIES—BLEEDING HEART

Regal Lilies—Very easy to grow, perennial bulb. Large white flower, suffused with pink and a yellow throat. Bloom in July. Large size, each 30c.

"HOW TO PLANT"**

EVERGREENS

We formerly handled Evergreens only on special order. This was quite unsatisfactory because the wholesale nurseries were often sold out of the sizes and varieties our customers wanted when the orders went in. This year we have some of the most popular varieties coming in, and hope to be able to take care of your requirements.

All Evergreens are shipped to us balled and burlapped and packed in bushel baskets so they will be in the best of condition for you to set out.

Evergreens will be shipped only at purchaser's risk.

SPECIAL OFFER: Evergreens are expensive, and involve a certain amount of risk to us. We therefore offer our customers a special discount of 5% on orders bought and paid for by April 1st. Take advantage of this offer and be assured of getting just what you want at a saving.

Juniper Pfitzeriana—Green spreading Juniper. Lovely for foundation planting where taller evergreens or shrubs can not be used. Price: 18-24 inch spread, each \$9.25.

Juniper Scopulorum—Colorado Silver Juniper. Silvery green foliage, growing in erect columnar shape. Can be trimmed closely and makes dense foliage. Price: 2½-3 ft. size, each \$10.00.

Juniper Cannarti—Same type and habits as the Scopulorum described above, but the Cannarti has bright green foliage that retains its color through the year. Very popular. Price: 2½-3 ft. size, each \$11.25.

Colorado Spruce—Spruce trees do exceptionally well here and make beautiful yard trees or windbreaks. Need plenty of room as they are vigorous growers. Green Spruce, size 2½-3 ft. each \$10.00. Selected Blue Specimens, size 2½-3 ft., each \$13.25.

Arbor Vitae—A dense growing evergreen, very popular, very attractive foliage. Stands trimming well. Globe shaped. 15 inch dia., each \$7.00. Pyramidal, 2½-3 ft. size, each \$9.25.

HEDGING

Caragana—18-24 inch seedlings. Price: 10 for \$1.25; 100 for \$10.50.

CLIMBING ROSES AND MISCELLANEOUS—

Climbing American Beauty—Large rosy-red.

Paul's Scarlet—Large size, bloom in clusters.

Blaze—A vigorous growing climber with immense flowers of brilliant red. Hardy.

Climbing Etocle de Hollande—A magnificent dark red rose of perfect form.

Austrian Copper—Brier type rose with warm yellow and coppery red blossoms. Very attractive. Spring blooming.

DWARF POLYANTHA AND FLORIBUNDA ROSES—

Small plants, small blossoms borne in clusters. Free blooming over a long period. Very hardy.

Golden Salmon Superior—Very heavy bloomer.

Eutin—Large clusters of very double deep red blooms.

Ellen Poulsen—Fragrant double bright rose pink.

CARE OF ROSES

Whole books are written about the care of roses, so we can't give a complete course of instructions here. These few suggestions may be helpful.

1. When planting dig the hole deeper than the roots require, and if the soil is heavy put some coarse gravel in the bottom so your plant will get drainage; then mix the soil with some well rotted compost or manure.

2. Roses are heavy feeders, and need plenty of plant food to produce at their best. Fertilize often, but little at a time, using a good commercial fertilizer. The use of well rotted compost, cow manure or peat moss not only provides plant food but also a mulch so the ground will keep cool and moist even in hot dry weather.

PATENTED ROSES—

Patented roses are sold at uniform prices fixed by the originators. We are pleased to offer a large assortment of these new introductions, including many award winners in the All-American Rose selections. No finer roses can be found anywhere in the country as they come from one of the largest and most reliable growers in the business.

Fashion—Floribunda. (Plant Patent 789) Brilliant coral, overlaid with gold. All season bloomer. A.A.R.S. award for 1950. Price: each \$2.00.

STRAWBERRIES—

Nothing is nicer in a home garden than a strawberry bed, and in a large garden or small acreage strawberries are highly profitable with a steady local market for all you can raise. Our plants are locally grown and the finest quality. Not ready until about May first.

We are unable to quote prices or say just what varieties we will have at this writing. Ask for this information at planting time.

AGRICULTURAL CHEMICALS

In addition to the garden line of insecticides, fungicides and weed killers described above, we also have a full line of Agricultural Chemicals for general field use.

This is becoming a major factor in increasing crop production and we endeavor to keep abreast of the latest development in this field, and will be glad to give information to you on new chemicals available for insect pest and weed control, and method of application.

CHLORDANE — TOXAPHENE

These are the wonder insecticides which have proven so effective for alfalfa weevil and grasshopper control. We have them in small quantities for garden use, or in gallon, five gallon and barrel containers for field spraying. We carry a large stock, and can supply Chlordane and Toxaphene at competitive prices for large users and commercial sprayer operators. Ask for prices.

2,4-D CONCENTRATE FOR FIELD SPRAYING—We carry both the Amine and the Ester 2,4-D in gallon and 5-gallon cans and 30 and 50 gallon barrels. Highly effective for killing noxious weeds, also for killing annual weeds in grain fields. Consult with us about cost of weed control. Ask for prices.

TCA—An effective control for grasses and other vegetation in fence rows and other places where soil sterilization is not desired permanently. Ask for prices.

CMU—Where complete soil sterilization is desired, as around machine sheds, buildings, etc., the new CMU is the product to use. Costs much less than other products for similar purposes. Ask for prices and full information.

WE DO CUSTOM SPRAYING FOR CONTROL OF WEEDS AND INSECTS

We have Jeeps equipped with power sprayers to do custom spraying for both insect and weed control. Farmers and ranchers have found the benefits they receive from this work exceeds the cost many times over. Ask us about this service.

FARM FERTILIZERS

ANACONDA TREBLE SUPERPHOSPHATE. 0-43-0—The "pure quill" concentrated superphosphate by which all others are measured in terms of potency. Price: Per 80-lb. bag, \$3.40; 5 bags or more @ \$3.20 per bag; ton lots @ \$73.00 per ton.

ANACONDA AMMONIATED SUPERPHOSPHATE. 10-20-0—Superior for use on grass meadows or pastures. Price: Per 80-lb. bag, \$3.80; 5 bags or more @ \$3.60 per bag; ton lots @ \$84.00 per ton.

All prices on Anaconda fertilizers are F.O.B. Sheridan, Wyo., and are subject to change without notice. All orders accepted subject our ability to secure stock.

DuPONT NuGREEN—A superior source of Nitrogen for all growing crops. NuGreen fertilizer compound is a highly concentrated product containing 44% Nitrogen. It dissolves readily in water, but binds itself to the soil particles and resists leaching so the nitrogen losses are kept at a minimum and the full properties are of beneficial use to the crops. Leaves no harmful residues. Added nitrogen is especially needed for pasture and haylands as grasses are heavy feeders of nitrogen, which gives increased growth and protein content. Also valuable for small grains, potatoes and vegetables. Price: Per 80-lb sack, \$7.50; 5 sacks or more @ \$7.30 each; ton lots @ \$170.00 per ton, F.O.B. Sheridan.

FARM SEEDS

All farm seed prices are prices F.O.B. Sheridan, and are subject to stock on hand, and to change without notice.

No extra charge for bags.

In most instances, seed can be furnished "Treated with Arasan." We know of nothing that science has developed that will equal the benefits that will accrue to agriculture as the use of Arasan treated seed. Better stands, increased yields with less seed per acre are a proven result. Add \$2.00 per cwt. to the price for Arasan Treated Seed—you'll get more than your money's worth.

Description of Grasses:

Manchar Brome: A tall erect leafy variety that has proven very satisfactory in the Northwest. Does not become sod bound as soon as the regular brome.

Alta Fescue: An outstanding grass for either hay or pasture. Tolerant of alkali, yet stands considerable drought. Vigorous grower and very palatable. Has formerly been priced considerably higher, and we expect a very large use now at the lower price quoted this year.

Intermediate Wheat Grass: Stays green three weeks longer than native or Crested Wheat Grass, and thrives under ordinary dry land conditions. Highly recommended.

Primar Slender Wheat Grass: A new early maturing variety of slender wheat. Leafy and palatable to all livestock.

Tualatin Tall Oatgrass: A strong growing grass especially suited in irrigated pasture mixtures.

Reeds Canary Grass: A wet land grass, best grass for seeding swampy or marshy spots in irrigated pastures.

FORAGE CROPS—SEED CORN

SWEET SUDAN—Heavy yielding annual hay crop. All Sudan Grass treated with Arasan. Ask for prices.

MILLET, Hog or Proso—Ask for prices.

Siberian—Best for hay. Ask for prices.

RAPE SEED—Price: Per lb. 30c; 10 lbs. or more @ 27c per lb.

SEED CORN—

Kingscrost Hybrids have proven their worth in our territory over a period of years. We carry three maturities: KF, Falconer Type, 80 day; KE 2, Dent Type, 85 day; KE 1, Dent Type, 90 day. Price, all types: Per bu. \$12.90; less than bushel lots, 25c per lb.

Silobred—A mixture of 85 to 95 day maturity corn especially suitable for silage. Price \$8.00 per bu.

Wheatland Blend—The earliest blend put out by the growers of Kingscrost Hybrids. Price per bu., \$8.25.

Open Pollinated Varieties—

Gehu—Price per bu., \$8.25; less than bushel lots, 16c lb.

Falconer—Price per bu., \$7.75; less than bushel lots, 15c lb.

Northwestern Dent—Price per bu., \$7.75; less than bushel lots, 15c per lb.

SEED GRAIN

We will have full stocks of Wheat, Oats and Barley of different varieties. Ask for prices.

We treat Seed Grains with Ceresan. Prevents disease and increases yields.

SEED DISINFECTANTS

For Treatment of Seed, Grain, Corn, Etc.

ALL PRICES F.O.B. SHERIDAN, WYO.

DU PONT CERESAN M—For use on wheat, oats or barley. Controls smut and many other seed borne diseases. May be used as a dust, or is especially recommended to moisten and use as a slurry treatment, thus eliminating the objectionable poison fumes that go with a dust treatment. Full directions on container. Price: 14 oz. can, \$1.25; 3 lb. can, \$3.55.

DU PONT ARASAN—For corn, vegetables, grass, alfalfa, and other small seeds. Destroys both seed borne and soil borne organisms, and prevents seed decay and damping off. 8 oz. treats 100 lbs. Price: $\frac{3}{4}$ oz. pkg. 25c; 8 oz. can \$1.00; 2 lb. can \$3.20.

It pays dividends to treat your seed with the proper Du Pont Disinfectant.

CYCLONE GRASS SEEDERS

Just the thing for sowing small fields of alfalfa, clover, or grass seed. Price: each \$3.75; postpaid \$4.00.

GARDEN INSECTICIDES AND WEED KILLERS

We formerly listed our line of Garden Insecticides, Fungicides and Weed Killers in our catalog, but we have such a complete stock of such items, that space will not permit us to list them all. Call at our store and we will try and give you full information on what we have, or write for a list giving information about the various products. With the modern chemical discoveries on the control of garden pests, there is no necessity of allowing insects or weeds to destroy your lawn, garden or flowers.

POULTRY EQUIPMENT AND SPRAYERS

HUDSON manufactures a quality product, and we are indeed glad to be able to offer equipment which will enable you to raise your poultry economically and under sanitary conditions. Space will not permit us to list this equipment. Ask us for Electric Brooders, Feeders and Waterers in all sizes and styles.

HUDSON SPRAYERS AND DUSTERS are also available in different sizes from the smallest household sprayers to the large garden size.

We carry a line of Garden Tools, including the GARDEX line, Lawn Sprinklers, etc. Look them over when you visit our store.

POULTRY REMEDIES

We carry the Dr. Salisbury's line of proven remedies. No room to list them here, but we have a very complete assortment, and can help you with your poultry flock sanitation and disease problems.

ANIMAL AND POULTRY FEEDS

The feed business does not fit in with issuing a catalog like we use for our seed and nursery lines and so we do not use much space for this department of our business here. Just the same, the handling of feeds of all kinds is a major part of our work. We cannot begin to list all the items we offer, but we do want to mention some of the products we feature.

Prices fluctuate too widely to attempt to quote prices here, but you will find us in line with market values at all times.

NORTHERN SPECIAL FEEDS—Starter Mash, Growing Mash, Laying Mash. These feeds are manufactured by us, and are built on formulas that provide all necessary ingredients for growth and health of young chicks or steady, continued production of laying hens.

NORTHERN SPECIAL DAIRY FEED—Rolled Barley and Oats, and Mill Feed, supplemented with high proteins and mineral elements to make a balanced ration for dairy cows. Used by many of the large dairies in Sheridan County.

COOPER'S CRUNCHIES—The original feed put out in granular form. This is our sixth year of handling these feeds, and they have given wonderful results. We carry CRUNCHIES for all ages of chickens and turkeys.

MORTON'S SALT—In addition to the plain salt both in bags and in blocks, we carry Sulphur blocks, Phosphate blocks, and Iodized blocks. We also have Morton's Trace Mineral Salt in block and loose form. Ask for circular on use and benefits of Morton's Trace Mineral Salt.

GRAINS—We carry large stocks of all feed grains, whole, ground and rolled. We buy a considerable quantity of local grown feed grains, and it will be to your advantage to see us when you have grains to sell.

LIVESTOCK SPRAYS

Livestock and dairy men have found that it surely pays well to spray their animals with the proper insecticide to control flies, lice and many other insects that infest livestock and cut into profits.

We offer the DUPONT line and other products that meet every need. Ask us about these items.
